VERSATIL TABLETOPS SELETION

We offer a range of countertop options, including sintered stone, natural marble, engineered marble, and tempered glass for our customers to choose from. The metal frames for the product bases come in two materials: carbon steel and stainless steel.

Since most of our products are handcrafted, there may be slight variations in dimensions compared to the catalog. Therefore, when placing an order, we recommend confirming the materials and dimensions with our sales team to ensure we can assist you in finding the product that best suits your needs.
